## For the

Direct Support of  
Support for Papua New Guinea Church Plants

Project # A16156-20701-497

Church planting in Papua New Guinea has a number of different requirements. An invitation to build a new church on tribally-owned land must be obtained; this happens infrequently. When this does happen, however, these funds provide resources to plant churches there. At the same time, PNG also has other types of churches that need tending. Without aid congregations can fade away and the work of rebuilding has to start all over. This project supports the planting and support of Lutheran churches in Papua New Guinea.
