

The star I built with my dad.

## FUN FACT ABOUT PUERTO RICO

Christmas is Puerto Rico's biggest holiday. The season begins the day after Thanksgiving and lasts until about January 14th.

Christmas season includes Christmas Eve, Christmas Day, New Year's Eve, New Year's Day, and The Day of the Three Kings (January 6th). Each day holds its own transitions and celebrations.

## Follow the Star

As we come upon the Christmas Season, I think of Christmas decorations and of the star I made with my dad when I was a young girl. The star is built out of wood which we attached colored lights to. Over the years it has gotten its use and we've had to repair it multiple times. The star has been put in front of my house, every year since making it, as a decoration for the holidays. On many occasions we have used the star as an indicator to find our house. When people come over, we always say, "Look for the house with the big star." So, they know they are at the right place. This star has been a symbol to identify my home. The star is also a wonderful reminder for the true reason for the season. The birth of a savior. "After they had heard the king, they went on their way, and the star they had seen when it rose went ahead of them until it stopped over the place where the child was." Matthew 2:9 (NIV). The magi followed the star that lead to the Savior, just like the star we built to lead me to my earthly home. I know that the star of Jesus will lead me to my heavenly home. We all celebrate the season differently, but the most important reason to celebrate is the birth of our savior. As I look at the decoration, I am reminded that Christmas is all about celebrating the birth of a baby boy, born in a manger.

# News for Puerto Rico

A short-term mission team from Esko, Minnesota came in November and hosted an English as a Second Language (ESL) Camp in Ponce

These pictures are from the missionaries in Puerto Rico and show similarities to what I will be doing with them. I will be assisting with the work of short-term teams and helping to teach and expand the current ESL program. As I am growing closer to my green light, my excitement also grows for what I am being sent to do!
