Lutherans in Gambia reaching out during Corona 19. with food assistance to church members/ neighbors

Acts 16:9, "Come over to Macedonia and help us" this is a call to action and after so many phone calls from church members, a potential opportunity in reaching out through the gospel of mercy and salvation in Jesus Christ became evident. So missionary Loum, giving the pandemic / traveling and social distancing had to find new and innovative ways with the usage of social media through Whats Up ministry. Thus, I was able to impact communicate and influence change in Gambia with our Lutheran teachings. Hence, we are bearing a testimony to the outcome of a new fruit of expansion (adoption of a new Lutheran congregation).

Councilor Michelle Mendy, whom our Lord used to introduce LCMS ministry and work to her town and constituency. Dr. Loum connected with her by aid of social media.

The Rev. Dr. John Loum

our most newest and recent member of our Gambia Lutheran family, pastor Daniel Taylor. Here he collects his share of the Covid 19 consignment (rice bag and onion), which will be shared among members of congregation.

Here we have the new adopted military friends preparing the grounds for the construction of their new chapel . Hereafter, they received their own items from the COVID-19 items

Here we have the core members of the Gambia chaplaincy national army group having their chapel built. As part of Dr. Loum missionary activity at which time he conducted a seminar/ workshop, at the Gambia Pastoral Institute and through that a formal relation was established, by his Lutheran presence. Here you can see the ground- breaking ceremony been actively conducted. An occasion at which an opportunity arose to be involved through our Covid 19 food program.

COVID-19 assistance food stored for members to be picked up.

Here is brother Emmanuel Correa our longest Lutheran church leader, who is pictured picking up the COVID-19 food assistance on the behalf of the members.

Beneficiary for the COVID-19 food assistance showed up to pick up their own portion of food.

1. Seated here is our new and inspiring dynamic Councilor been interviewed. Sure enough already she has her eye set both for the next general country's election, and of course her wish to be a member of the Gambia assembly. We pray that happens and, when it is, she will be very first ever Christian duly elected member of parliament.
