dearly. Pray for them to pursue God, seeking the Truth and Light! Pray that our day camp students will never forget the Bible stories and values they learned! KI – Central Asia

- 19... Pray to God to call more new students for our summer classes. The teachers need organization skills for personal time management and class management, especially as we now have an English program there also. We now need more space for classes and activities. We trust Jehovah Jireh to provide. Praise the Lord for expanding our influence in the Muslim community! May the Lord help us to find a bigger campus to host more people! KI – Central Asia
- 20... The Bible stories we crafted in the local language are being shared. We have seen how these oral stories change people's lives and thinking in a powerful way. Please pray that local Muslims who are impressed by the Word will also share and spread these Bible stories among their friends and relatives! KI – Central Asia
- 21... Pray for wisdom and discernment to know God's will for us to lead a team of local people to make an oral translation of one of the Gospels. This would require full-time dedication. We do not have the manpower to form a team at this point. KI – Central Asia
- 22... Thank you for praying for the persecuted believer! The Lord miraculously delivered her and gave her faith to keep reading the Bible. She has started to attend our house church and has been so encouraged by other believers there. Please pray for these Muslim background believers to fix their eyes on Jesus, not give in to the pressure from their relatives. Pray that they will neither desire nor rely on physical resources from the Muslim community but will trust the Lord to provide and lead them through difficulties. KI – Central Asia
- 23... We need wisdom and strength to lead our house church and to disciple believers especially as the numbers are growing. Pray that as the disciples

multiply, the house churches will also multiply. KI – Central Asia

- 24... We have more Chinese teachers coming and a short-term team visiting us. Please pray that we could prepare them to live and serve effectively here. May the Lord protect the visitors, teachers, teammates, newcomers and us to be physically healthy and spiritually strong in order to bear fruits! May God be glorified! KI – Central Asia
