## MEDICAL OUTREACH

Project #A40732

“Do you not know the your body is a temple of the Holy Spirit within you, whom you have from God?”  
(1 Cor. 6:19)

Throughout the Africa region there is a tremendous need for health education based on the understanding that we are created by God in His image. A lack of understanding of basic health issues causes a lot of fear and misconceptions about what makes us sick and how we can remain healthy. Coordinated medical support via the Africa region nurse, LCMS Mercy Medical Teams, and CHE trained trainers working with local Lutheran churches will help provide teaching aimed at improving the health of local communities, while empowering and equipping God’s people to reach their communities with the love of Jesus, through works of mercy in word and deed. Some topics include: hand washing, malaria prevention, proper nutrition, managing blood pressure, women’s health and honoring God with our bodies.
