2. Please keep my Aunt Shirley in your prayers. She is battling lung cancer. And Erica's Aunt Anita and Uncle Jesse. Jesse suffers from Alzheimer's and is on hospice. SB – Eurasia
3. Give thanks to the Lord for the wonderful blessings of the two baptisms we had this Easter and several others that are in the coming weeks. God is so good that He calls us to faith in Him and brings us into His family. Please pray that we are ready to equip and encourage these new saints! CH - Hong Kong

Pray that we can equip and encourage those who leave ILC to find a new community of faith where they can put their skills and talents to use in sharing Jesus wherever they go. CH - Hong Kong
5. For the health community in Korea as young doctors remain on strike and many in the health community are feeling overworked. Pray that they can be a resolution to this situation. CH - Hong Kong
6. For our armed forces community and all those who take the call to keep the peace. We pray that God would guard and protect those He uses to guard and protect us. Help them to be able to endure the long and extend times away from family and help them to maintain those bonds of love. CH - Hong Kong
