We pray the Lord will provide them with ways to sustain and support their families during these lean times. HB-Belize
- 22.** Our missions in Honduras have been handicapped by the slowness of the government there to approve our NGO status documents. These were submitted over two years ago, but they have stated they are "digitalizing" and changing the way they do business.
- 23.** For our ability to call a pastor from outside Honduras to serve Buen Pastor (Good Shepherd) Lutheran Church in Comayagüela, twin city to the capital Tegucigalpa. HB – Belize
- 24.** For my wife and unborn daughter. Our daughter is due in about one month. We just learned the other day based on the ultrasound that there's a possibility of chromosomal issues (Down's Syndrome).
